MEMORANDUM FOR: Chief, Plans Staff, DD/S

SUBJECT : OC Fiscal Year 1972 Personnel Increases

1. Your memorandum on this subject dated 11 June was received by me on 15 June. Please refer to my memorandum on the subject dated 11 June.

2. As regards paragraph 3e of your 11 June memorandum pertaining to four SIPS positions and specifically a request that, "OC come back to the DD/S with an indication of possibilities for absorption of the three SIPS staff positions approved," I submit this comment. Please see paragraph two of my memorandum of 12 June. This is the real answer to the request in your paragraph 3e. I think you should realize that our [] organization is currently in excess of 20 people over their ceiling. They cannot meet their present, let alone their future, workload under their present staff ceiling. Thus, OC must reprogram for contract manpower sooner not later. I only hope that we can take care of Fiscal '71 as well as the three "approved" SIPS positions in Fiscal '72.

[redacted]

I didn't remember to talk with you earlier on the subject and found my error in winding up tonight - I did not send in to Mr Bannerman your DC M 70-388, 12 June because I felt that it premature in saying "this is what I was saying in our meeting" while also pointing out that you had study under way without being able to give any conclusions - it seemed and seems better to come back to RLB when you have your study conclusions in hand. Hope this doesn't upset you too much and I do apologize for not telling you sooner. If you do disagree and want to go ahead now with that

STATINTL per to RLB, please tell [redacted] and he will get it to the boss.
